Campania (/ k æ m ˈ p eɪ n i ə /, also UK: / k æ m ˈ p æ n i ə /, US: / k ɑː m ˈ p ɑː n i ə /, Italian: [kamˈpaːnja], Neapolitan: [kamˈbɑːnjə]) is an administrative region of Italy; most of it is in the south-western portion of the Italian peninsula (with the Tyrrhenian Sea to its west), but it also includes the small Phlegraean Islands and the island of Capri.

Campania - Wikipedia

The sinking was witnessed and photographed by passengers on RMS Olympic, the sister ship of RMS Titanic. Since the 1950s, the island has been home to a small community of artists, and has its own art gallery. The English artist Derek Hill (d. 2000) was associated with the …

Tory Island - Wikipedia

Jan 03, 2021 · Propensity score is the estimated probability that an observation receives the treatment. We use the existing independent variables (i.e. demographics, fare paid) in order to estimate it. Usually this is done using logistic regression where we can obtain the probability that T equals 1 given the set of variables. In order words: P(T=1|X).

Propensity Score Matching in Python | Analytics Mayhem

These fields include: demographics, dating habits, self-perception across key attributes, beliefs on what others find valuable in a mate, and lifestyle information. Titanic Passengers List.
